Software developer working primarily on web applications. I enjoy starting from a concrete need, understanding the relevant system, and building a clear, maintainable, and pleasant-to-use solution.

EXPERIENCE

Web Developer (apprentice)

Studio Beyowi

October 2023 – September 2026
Paris 13th arrondissement, France

Independent ownership of complex data migration and AI integration projects.

- Used AWS, Flask, and AWS Lambda.
- Migrated and synchronized data across Oracle, MySQL, PostgreSQL, MSSQL, and SQLite databases.
- Designed RAG approaches and vector search with PGVector and Qdrant.

Python, Flask, AWS Lambda, Oracle, MySQL, PostgreSQL, MSSQL, SQLite, PGVector, Qdrant

Backend Developer (apprentice)

Intento Design

September 2022 – August 2023
Paris, France

Building Maintenance Agent

Sealed Air Corporation

July 2022 – August 2022
Épernon, France

EDUCATION

Master's Degree in Computer Science — Artificial Intelligence Engineering
University Paris 8 Vincennes — Saint-Denis
