Profile

Master's graduate in Artificial Intelligence Engineering (2026), with apprenticeship experience since 2022: Python APIs, SQL data processing and a C++ CAD application. Independently designed personal projects.

Work experience

Python Software Developer — Apprenticeship

Studio Beyowi

October 2023 — September 2026
Paris 13th arrondissement, France

- Designed REST APIs and data-processing workflows with Python, Flask, and AWS Lambda.
- Data processing for ANSM reference data and Thesorimed ETL; Primotheus API and AI workflows (3 projects, several GB of data).
- Developed and maintained SQL database migrations and synchronization with AWS DMS.
- Integrated RAG and vector search with PGVector, Qdrant, and OpenAI services.
- Deployed and maintained services on AWS and on premises with Docker; automated tests and deployments through CI/CD.

C++ Backend Developer — Apprenticeship

Intento Design

September 2022 — August 2023
Paris, France

- Developed features and contributed to circuit-generation and validation algorithms for ID-Xplore, a C++ CAD application.
- Contributed to unit tests, compatibility across circuit technologies, and technical documentation.

Projects

Personal projects

Palimia Independently developed cultural library: catalog separated from personal data, explainable recommendations. Next.js, TypeScript, PostgreSQL, Prisma; no public launch.

Ludosaic Independently developed mini-games: replayable rules, server-verified results and recovery after interruption. Next.js, TypeScript, Colyseus; MVP under development, no external deployment.

ZaykoHub Homelab in preparation: Docker Compose, Ansible and local Python validation; no deployed services.

Skills

Development & APIs Python, C++, SQL, REST APIs, Flask, FastAPI

Testing & deployment Unit testing, pytest, Git, Docker, CI/CD, GitHub Actions, AWS (Lambda, DMS)

Databases PostgreSQL, MySQL, Oracle, SQL Server (MSSQL), SQLite

Data & AI ETL, Pandas, NumPy, RAG, PGVector, Qdrant, OpenAI API

Additional knowledge Java, JavaScript/TypeScript, Linux

Education

Master's Degree in Computer Science — Artificial Intelligence Engineering — completed in 2026

University Paris 8 Vincennes — Saint-Denis

2024 — 2026

Bachelor of Technology (BUT) in Computer Science

Paris Rives de Seine IUT — Université Paris Cité

2021 — 2024
